

Revised Operational COVID Guidelines for Accommodations

This guidance is intended to assist Calvert County residents, business owners, workers and visitors at this moment in time. Our guiding principles are as follows:

Marylanders should continue to practice physical distancing.

Marylanders should continue to wear face coverings or masks in indoor public places, and outdoors when physical distancing is not possible.

As vaccines become available, every eligible person should get inoculated to speed our community's return to normal.

It is important that all of our actions in the near future are consistent with these guiding principles:

- » Employees have been trained on the proper use of the necessary PPE (covers both mouth and nose).
- » Guests over the age of 5 must wear a face covering.
- » We have delineated social distancing markers (6 feet apart) in areas where customers may form lines or congregate.
- » Appropriate signage around the facility and grounds are in place to relay the message about social distancing, face coverings, and handwashing.
- » Food service will follow the restaurant and bar guidelines.
- » A plan is in place for regular cleaning and sanitizing of high contact surfaces. Gloves are available and worn by the designated employee responsible for cleaning high contact surfaces.
- » Adequate handwashing stations are available for workers or hand sanitizer is available.
- » All staff able to telework will continue to do so and plans are in place to allow this.

**Requirements may change at any point contingent on health necessities or new directives from the Governor's Office.*
